

Regional Housing Authority

**Renovation, Repair and Painting Rule (RRP) Renovator Initial Training
Lead-Based Paint Safe Work Practices**

Attention all active Residential Endorsed Contractors and all house painters that are regulated by the RRP Rule in the Juneau area!

Who Is Required to Have Lead Renovator Certification?

EPA's Lead Renovation, Repair and Painting Rule (RRP Rule) requires that all companies (Firms) performing renovation, repair, and painting projects that disturb lead-based paint in homes, childcare facilities and pre-schools built before 1978 have their **firm certification** (company certified) by EPA, and use **certified renovators** who are trained by EPA-approved training providers and follow lead-safe work practices.

Tlingit Haida Regional Housing Authority is offering the RRP Renovator Initial training required to work on homes, child care facilities and pre-schools built before 1978. The course is also approved for Eight Contact Hours needed for the Alaska's Construction Contractor Residential Endorsement.

Course:	8-hour Renovator Initial Training
Location:	THRHA Conference Room 5446 Jenkins Dr. Juneau, Alaska
Date:	January 16th, 2020
Time:	7:30 a.m. to 5:00 p.m. (8-hr training required)
Cost:	\$550 per student

Course Certificates Received:

- Renovator Initial Certificate (renovator certification), good for five years, required to work on homes built before 1978.
- Certificate Eight Contact Hours for Alaska's Construction Contractor Residential Endorsement.

Contact: Larry Gamez at larry.gamez@thrha.org or 907-780-3104 to sign-up for the class.
